

# Welcome to TMF's Supplier Day for the Kitchen & Bathroom Industry!

## An exclusive invitation to you as one of our valued suppliers

The future is knocking at the door – the EU's new legislation is reshaping the entire industry, with significant impact across the value chain. Regulations such as the Ecodesign for Sustainable Products Regulation (ESPR), with requirements for digital product passports, circular design, and traceability – together with other sustainability acts, with significant impact across the value chain.

These changes will transform how we work, making collaboration between manufacturers and suppliers more important than ever. Together with TMF, The Swedish Federation of Wood and Furniture Industry, we therefore invite you to a dedicated Supplier Day – a forum to gain key insights, exchange perspectives, and collaborate towards building a resilient and future-proof kitchen and bathroom industry.

### At TMF's exclusive industry gathering, you will:

- Hear the latest EU updates from Robin Ljungar, TMF's Head of Sustainability and EFIC negotiator
- Explore sustainable product development in practice – with insights from a leading manufacturer
- Learn from a supplier who has already begun the transition – concrete actions and lessons learned
- Take part in discussions and networking with industry peers

The programme will alternate between presentations and discussions, allowing time for questions, dialogue, and shared experiences. The goal of the event is to strengthen the resilience and competitiveness of the Swedish kitchen and bathroom industry.

We hope you will join us for this important day – a day full of knowledge, insights, networking, and new opportunities!

**Date:** 22 April 2026

**Time:** 2:00 PM – 7:00 PM

(conference followed by networking)
